

PISTON LUBRICANT AP 270

Graphite containing Plunger Lubricant for Die-casting Machines.

PISTON LUBRICANT AP 270 is a graphite containing oil for the lubrication of die-casting plungers. The product has an outstanding lubricity. The dispersed graphite provides a maximum wearing protection, even if the temperatures of the plunger and the sleeve are very high. PISTON LUBRICANT AP 270 is preferably applied by drop feeding.
