

DESCRIPTION

- **LubeRite MO 15** is a high-performance metalworking oil based on a new technology in Extreme-Pressure lubrication. The selection of solvent-refined oils guarantees optimal wetting and lubricating properties. The extreme-pressure lubrication is based on highly effective chlorine-free technology and is part of our environmental policy. Thanks to its outstanding performance, **LubeRite MO 15** is recommended for heavy-duty operations on steel-based materials, to include stainless steels.

TYPICAL USE

- **LubeRite MO 15** is advised for deep-hole drilling, drilling, tapping, threading, milling, reaming, parting-off and all automatic lathe operations for medium sized parts.

AVAILABLE PACKAGING

- 200-liter steel drum
- 20-liter plastic pail

TYPICAL PROPERTIES

Appearance	Clear Yellow
Kinematic Viscosity at 40°C, cSt	15
Specific Gravity at 25°C, kg/liter	0.87
Flashpoint, °C	220
Active EP Additives	Sulphur and Esters
Chlorine Content	< 0.01%
